Discover...a STEAM-tacular Summer!

This week we will be exploring the World around us through STEAM (Science, Technology, Engineering, Art and Math). We will be talking about and creating our own projects using the principals of STEAM.

Each day we will provide structured activities and some free-play time too. A snack and drink are included. We will spend a part of everyday outside (weather permitting), so apply sunscreen in the morning before camp and send some with your child if you'd like more applied later in the morning.

**All registration forms must be received one week prior to each camp start date.
